KEY INSIGHTS

- High-income Seniors drive **77%** of responses among top earners - priority audience for future campaigns (view diagram)
- Responders spend nearly **2x more** than non-responders (€987 vs €539)
- Campaign 2 dramatically underperformed - **1.3%** vs **7%** average across all campaigns
- Physical store** remains the **#1** purchase channel, but Seniors unexpectedly lead in online buying
